- Scans are priced based on their finished size.
- Any size originals can be accepted, up to 46" wide and by any length.
- Scans with color proofs are guaranteed. We will match to the original art or you won't see a bill!

## 1200 DPI LINE SCANNING

Final Size	1200 DPI Line Scans (Bitmap Tif Files)	Price
	10"x12"	25.00
12"x18"	40.00	
20"x24"	70.00	
23"x27"	100.00	
30"x40"	130.00	

- These scans are for reproducing line art from printed material or images from old stripping flats.
- Velox prints are sometimes needed when working with old film negatives.
- These scans can be placed in all modern applications for colorization and vector use.

## 600 DPI DOCUMENT SCANNING

Original Size	600 DPI Document Scanning to PDF	Price per page (+\$25.00)
	8 1/2" x 11"	\$0.30
11" x 17"	\$0.55	

Document scanning is used mostly to digitize old paper files that you want to throw away. PDF's are used for web viewing record keeping or desktop printing. They are not normally used for offset printing.
